Inform, Present, Entertain –  
Everywhere and Anytime

# ALL EYES ON YOU

**Do you recognize this situation? You are sitting in a restaurant or a bar involved in conversation. But a big television set showing sports, news or entertainment is running somewhere in the room. As much as you would love to concentrate on your counterpart – your eyes keep on returning to the screen. Let your business take advantage of this phenomenon!**

You would like to appeal to the crowd? You would like to make your event unforgettable? LBF-Eventscreens is your partner for the lasting impression!  
We will successfully set the stage for you. Intensive

sensations with one of Europe's biggest mobile video LED screens – flexible and not dependent on the weather.

At big sports events, trade fairs and conferences, concerts, parties, electoral campaigns, fashion shows or city festivals – our LED videowall allows for up to 30.000 people simultaneously in the front row. State of the art combined with our experience, reliability, and flexibility.  
This is quality for your success!

Our service: Provision of the videowall ready for use, installation taking into account individual local conditions, technical support, efficient and courteous help concerning your questions.  
LBF-Eventscreens –  
we draw everybody's attention to YOU!
